<b>Description</b>			
<p>Since the option --route-nopull is under discussion to be deprecated I would like to propose --pull-filter to be added. --pull-filter allows for fine grained filtering options pushed by the server. A checkbox, when ticked reveals a box to enter the options to filter.</p> <p>Deprecated options <a href="https://community.openvpn.net/openvpn/wiki/DeprecatedOptions#Option:--route-nopull">https://community.openvpn.net/openvpn/wiki/DeprecatedOptions#Option:--route-nopull</a></p> <p>Also see --pull-filter in manual 2.4: <a href="https://community.openvpn.net/openvpn/wiki/Openvpn24ManPage">https://community.openvpn.net/openvpn/wiki/Openvpn24ManPage</a></p> <p>Thanks.</p>
