**Description**

Every traffic shaper wizard loops endless back to VOIP-settings. Respective forum-entry:  
<http://forum.pfsense.org/index.php/topic,30563.0.html>

#### Associated revisions

##### Revision afa966a5 - 12/07/2010 03:08 PM - Ermal Luçi

Ticket #1081. Fix header() function to do correct redirection. Also remove bogus step9 in the wizards.

#### History

Fixed in latest snaps.

As of today with snap (i386) built on Mon Dec 13 21:32:21 EST its still present. No change in behaviour, but now a false error appears: 1kBit/sec is not more than 30% of 100MBit/sec.
