#### Description

If Log compression is set to "None" all entries in all logs are hidden (not deleted).

To reproduce:

- Go to Status / System Logs / Settings
- Set Log compression to "None"
- Go to Status / System Logs
- All logs are now empty
- Go to Status / System Logs / Settings
- Set Log compression to anything but "None"
- Logs reappear

Version tested: Latest snapshot of 2.5 at time of writing (2.5.0.a.20201103.1250)
