Description

Hi pfSense DevTeam !
We appreciate You work!

Please change in GUI for Interface on Status / Interfaces page the items:

Status
DHCP

from "up / down / no carrier" label to GREEN / RED / TELLOW pic like in "Interfaces" on Dashboard

Because

- **You already use this icons for labeling in Your UI/UX** so this continue user's visual experience
- If interface DOWN in most cases this mean PROBLEM, RED color equal to PROBLEM in human psychology

Thank You so much!

- Subject changed from Make link state more noticeable in Status / Interfaces view to Improve link state visibility on Status > Interfaces

It shouldn't rely only on iconography on that page. It would be OK to add the icons alongside the text, but the text is also necessary.
