

## pfSense Packages - Bug #11173

### Status>Monitoring parameters are hidden by the interactive graph

12/18/2020 02:29 PM - Max Leighton

<b>Status:</b>	New	<b>Start date:</b>	12/18/2020
<b>Priority:</b>	Very Low	<b>Due date:</b>	
<b>Assignee:</b>	Jared Dillard	<b>% Done:</b>	0%
<b>Category:</b>	Status_Monitoring	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected Architecture:</b>	
<b>Affected Version:</b>	All		

#### Description

There is text underneath the graph in Status>Monitoring which should show the system name, time period, resolution, and current date that have been chosen in the settings. The text is barely visible because it is cut off by the end of the element.

#### History

##### #1 - 12/18/2020 02:34 PM - Jim Pingle

- Project changed from pfSense to pfSense Packages
- Category changed from Web Interface to Status\_Monitoring
- Assignee set to Jared Dillard
- Affected Version changed from 2.5.0 to All

Not a new problem, it's been like that for a while. Though I don't see an existing entry for it.
