pfSense Packages - Todo #13857

Update bundled installer in OpenVPN Export Utility

01/10/2023 12:55 PM - Marcos M

Status:	Resolved		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jim Pingle		**% Done:**	100%
Category:	OpenVPN Client Export		**Estimated time:**	0.00 hour
Target version:				
Plus Target Version:				

Description
The current installer version shows as 2.5.2-Ix01. Latest version as of now is OpenVPN-2.5.8-I604-amd64.msi: https://openvpn.net/community-downloads/

History

#1 - 01/10/2023 12:55 PM - Marcos M

- Description updated

#2 - 01/16/2023 01:50 PM - Jim Pingle

- Status changed from New to In Progress

- Assignee set to Jim Pingle

I've got the files and patch ready for this, testing it now.

#3 - 01/16/2023 02:23 PM - Jim Pingle

- Status changed from In Progress to Feedback

- % Done changed from 0 to 100

Updates are merged into all the relevant branches and will appear once a build succeeds.

#4 - 01/21/2023 06:44 PM - Kris Phillips

Checked on 22.05 and it appears these were merged properly. However, looking at the repos for 23.01, which is on a newer release of 1.7_3 of the OpenVPN Client Export, it appears that this was not merged there. Will these be included at some point in that branch of the package as well?

#5 - 01/21/2023 07:29 PM - Jim Pingle

- Status changed from Feedback to Resolved

They are there on internal 23.01 RC snaps.

```
: pkg info -x pfSense-base
pfSense-base-23.01.r.20230120.0600
: pkg search openvpn-client-export
openvpn-client-export-2.5.8    OpenVPN Client Export
pfSense-pkg-openvpn-client-export-1.8 pfSense package openvpn-client-export
```

They won't show up for the public snapshots until we release the RC.
