**Description**

Hi together

This bug has already an issue on OpenVPN (<https://github.com/OpenVPN/openvpn/issues/400>). We use the option fragment and i get these Signal 8 crashes.

Please keep it in mind and add the patched version as soon as available/possible?

Thanks Patrick

#### History

##### #1 - 09/21/2023 12:33 PM - Jim Pingle

- Project changed from pfSense Plus to pfSense
- Category changed from OpenVPN to OpenVPN
- Status changed from New to Closed
- Priority changed from High to Normal
- Affected Plus Version deleted (23.01)

We already pull in new versions of OpenVPN as they become available as a part of each release. We don't need to have our own Redmine issues to track upstream bugs since there is nothing uniquely actionable here on our part -- it's already a standard procedure.
