Description

With CP & vouchers, say a 1 hour voucher never kicks off/logs out the end user after an hour.
After searching there was a post in the French Forums explaining what seems to be a bug:
http://forum.pfsense.org/index.php/topic,31536.msg166496.html#msg166496

Which explained the following changes which I have made and seem to work:

File: usr/local/pkg/freeradius.inc

Line 462

@change

if ($x <> '') {

to:
if ($userexpiration <> '') {@

And:

Line 459:
Change:
if ($multiconne*c*t <> '') {
To:
if ($multiconnet <> '') {

I used the RC3 from 5th Sept and the change is still required there.

History

#1 - 09/06/2011 04:23 AM - Ermal Luçi

- Category deleted (Captive Portal)

This is a package issue and not a Captive portal issue from what you have posted here.

#2 - 09/06/2011 04:23 AM - Ermal Luçi

- Project changed from pfSense to pfSense Packages

#3 - 09/06/2011 08:30 PM - Chris Buechler

- Subject changed from Captive Portal + Vouchers, never expires/disconnects clients to problem with FreeRADIUS?

- Affected Version deleted (2.0)

#4 - 09/20/2011 03:52 PM - Rob Heat

Just updated to 2-Release and problems have been fixed, so this can be closed.
Thanks.
