

pfSense - Bug #2

Gateway not added when switching from DHCP to static

04/08/2009 09:09 PM - Chris Buechler

Status:	Resolved	Start date:	07/27/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Gateways	Estimated time:	0.00 hour
Target version:	2.0	Affected Architecture:	
Affected Version:	2.0		
Description			
To replicate:			
1) Browse to Interfaces -> WAN on a box configured for DHCP. Switch to Static IP, click to add a new gateway.			
2) fill in the new gateway info and click "save gateway". It gets filled in. Save the page.			
3) "A valid gateway must be specified" error pops up. The gateway isn't actually added.

Todo # 2565: Update code for PHP 5.4, fix pass-by-reference			Resolved

History

#1 - 04/08/2009 09:14 PM - Chris Buechler

- Category set to Gateways
- Target version set to 2.0

#2 - 08/23/2009 07:15 PM - Scott Ullrich

- Status changed from New to Resolved
- Affected Version set to 2.0

Just tested this and it appears to be resolved. After creating a new gateway and saving I navigated away from interfaces -> wan and back and the gateway was still present.
