

pfSense - Feature #3087

Setup Wizard does not include IPv6 options for interfaces

07/10/2013 06:14 PM - Graeme Bragg

Status:	New	Start date:	07/10/2013

Target version:			
Description			
The wizard which runs during the first login to the web-gui does not give options for configuring IPv6 on the LAN or WAN interfaces. It only has options for IPv4, meaning that extra steps are required for an initial configuration.
