pfSense - Bug #3213

Error creating more than 30 limiters

09/18/2013 03:04 AM - Ivan Morgun

Status:	Resolved		**Start date:**	09/18/2013
Priority:	Normal		**Due date:**	
Assignee:	Ermal Luçi		**% Done:**	100%
Category:	Traffic Shaper		**Estimated time:**	0.00 hour
Target version:	2.2			
Affected Version:	All		**Affected Architecture:**	i386

Description

When trying to create a 31st limiter I get an error message:
"The following input errors were detected: At least one bw specification is necessary"
Although I set the bandwidth specification in the form.

Associated revisions

Revision e02ea742 - 10/14/2014 05:36 PM - Ermal Luçi

Fixes #3213. Allow up to 2900 limiters. This was set to 30 since limiters are to be controlled by mask and not created manually!

History

#1 - 05/10/2014 04:46 PM - Paul G

I am seeing this exact same error and would love to see an update allowing more than 30 limiters.

#2 - 10/08/2014 11:54 PM - Chris Buechler

- Assignee set to Ermal Luçi

- Target version set to 2.2

Thinking this is trivially easy to fix, just a matter of fixing the input validation it appears.

Ermal, any technical reason it can't go > 30, something more than an input validation bug here?

#3 - 10/09/2014 12:24 AM - Chris Buechler

- File 30-limiters-config.txt added

config snippet with 30 limiters attached if you want to just paste something in ready to test (add one after pasting this in and it'll fail as described).

#4 - 10/14/2014 05:32 PM - Ermal Luçi

Bumped to 2900. The only reason left to 30 was for speed ones.
Normally having 30 limiters is a bit.... unusual since mask does all your settings for you!

#5 - 10/14/2014 05:32 PM - Ermal Luçi

- Status changed from New to Feedback

#6 - 10/14/2014 05:50 PM - Ermal Luçi

- % Done changed from 0 to 100

Applied in changeset e02ea742a546513eedcef1f4049a90e998951b78.

#7 - 10/19/2014 07:16 PM - Chris Buechler

- Status changed from Feedback to Resolved

that'll suffice
