

pfSense - Bug #3663

Filter parser does not display ICMP log messages

05/16/2014 02:33 PM - Jim Pingle

Status:	Resolved	Start date:	05/16/2014
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Logging	Estimated time:	0.00 hour
Target version:	2.2		
Affected Version:	2.2	Affected Architecture:	All

Description

I crafted an icmp block rule on the IPsec tab and it produced a message in the raw log but does not display in the GUI.

```
May 16 15:33:12 pfs22-1 filterlog: 87,16777216,,1400268411,enc0,match,block,in,4,0x0,,128,4224,0,none,1,icmp,60,192.168.38.1,192.168.1.1,datalength=40
```

Other log messages, both pass and block, display OK for TCP and UDP.
