

pfSense - Feature #4195

Aliases: sections

01/09/2015 08:15 AM - Hollander Hollander

Status:	New	Start date:	01/09/2015
Priority:	Low	Due date:	
Assignee:	Steve Beaver	% Done:	0%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	Future		
Description			
G'day :D			
My aliases are a mess; I have many of them, and I need to reorganize this. Now, one thing that is making it difficult to keep the overview is: the alias list (Firewall/Aliasses/All) can't be sorted alphabetically . It would be a dream if that were to be made possible :-)			
The second improvement in this GUI would be to have some sort of section groups in this part of the Alias-GUI.			
I've created an example in Excel and attached a screenshot, as a pic often says much more than 1000 words :-)			
These two would help keep the overview and make it much more pleasant to work in this part of the GUI :-)			
It means some fields need to be added to the alias records (and a check on duplicates + eventually drop down lists), and then the GUI needs to get these fields and that needs to be sortable.			
(Yes, this too comes from my SAP experience :D).			
Bye,			

History

#1 - 01/09/2015 08:16 AM - Hollander Hollander

Sorry, pushed 'send' before filling the classification fields :-)

#2 - 01/09/2015 08:18 AM - Jim Pingle

- Subject changed from *Aliases: sort + sections* to *Aliases: sections*
- Category set to *Rules/NAT*
- Target version set to *Future*

Sorting is already a feature request: [#3506](#)

The sections part may be something to consider though.

#3 - 02/01/2016 11:32 PM - Jim Thompson

- Category changed from *Rules/NAT* to *Web Interface*
- Assignee set to *Steve Beaver*
- Affected Architecture set to *All*

#4 - 02/02/2016 10:01 AM - Steve Beaver

Alias tables may now be sorted by clicking the column header.

You cannot save the revised order yet, but it is a step in the right direction. It should be possible to add separator bars in the same way that they are used on `firewall_rules` and `firewall_nat`

#5 - 02/08/2016 07:50 AM - Steve Beaver

- Priority changed from Normal to Low
