

pfSense - Bug #4730

Firewall Log Dynamic View missing Block/Allowed Reason

05/25/2015 09:09 AM - Marc Riley

Status:	Resolved	Start date:	05/25/2015
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Logging	Estimated time:	0.00 hour
Target version:	2.2.3	Affected Architecture:	
Affected Version:	All		

Description

If you hover over the the (Allow/Block) icon in the Dynamic Firewall Log, it only show Block/Allow, and not the rule number. When you click it, it says "The Rule that triggered this action is: " Blank??

Looks like a little more coding needs to be done to bring the reason to the log like the Normal Firewall view.

The code was not there in the dynamic firewall log.

This should do it: <https://github.com/pfsense/pfsense/pull/1687>
