

Bootstrap - Bug #5047

system_authservers.php LDAP "Search Scope" fields are not formatted properly

08/28/2015 10:42 AM - Jim Pingle

Status:	Resolved	Start date:	08/28/2015
Priority:	Low	Due date:	
Assignee:	Chris Buechler	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.3	Spent time:	1.00 hour
Description			
On 2.2.x the LDAP Search Scope setting has two fields "Level" And "Base DN", on bootstrap these seem to have lost some formatting.			
2.2.x: 6CVKKI6.jpg			
2.3: LQ1Ntkl.jpg			
The Base DN box should move below the Level drop-down. The "Level" drop-down may be confusing without a label on it as well.

this still isn't laid out clearly vs. how it was. Both those fields are for defining "Search scope", which is clear in the original. Current bootstrap doesn't clearly show the Base DN has any relation to the search scope.

LDAP Search scope items now grouped horizontally again, but labels beneath each input show the function. This is about the only way of grouping input elements with the current Bootstrap framework.

Looks like it was adjusted again, has them each on one row with a label, looks much nicer now, IMO. Thanks!
