

Bootstrap - Bug #5067

system_authservers.php - LDAP default ports are not pre-filled

09/01/2015 02:03 PM - Jim Pingle

Status:	Resolved	Start date:	09/01/2015
Priority:	Normal	Due date:	
Assignee:	Jim Pingle	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	2.3	Spent time:	0.50 hour
Description			
The LDAP server port field should be pre-filled by default, and change automatically based on the Transport selector. The default TCP port is 389 and the default SSL port is 636.			
Example of the expected behavior as shown on 2.2.x: JNjOUSI.gif			
On 2.3 the port field is empty and changing the Transport option does not have any effect.
