<b>Description</b>			
The descriptions for Firewall Optimization Options on system_advanced_firewall.php went away after <a href="#">#5020</a> (prior to that they were in the wrong place).			
Needs to bring that back in a way that's similar to what firewall_rules_edit.php does for "State type"'s description			

#### Associated revisions

##### Revision c1de1944 - 09/04/2015 02:33 PM - Steve Beaver

Fixed #5104

Repaired automated help display which I broke when fixing an earlier control naming bug
