Add field descriptions since there are no column titles. Ticket #5109

The Bootstrap framework does not have the ability to show column titles. We can look at this in a future release, but I don't think it reasonable to do so now.

#2 - 10/10/2015 12:24 AM - Chris Buechler

- Status changed from Confirmed to Resolved

- Target version set to 2.3

- Affected Version set to 2.3

I fixed the help text so it shows the field description, which was the primary issue here. That'll suffice.
