

pfSense - Feature #521

Group manager Assigned Permissions

04/18/2010 02:52 PM - Larry Titus

Status:	New	Start date:	04/18/2010
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	User Manager / Privileges	Estimated time:	0.00 hour
Target version:	Future		
Description			
Change the Assigned Privileges section of the Group Manager to use the same type of "swap box" as Group Memberships to make it easier to add/remove multiple permissions.			

History

#1 - 04/18/2010 02:59 PM - Chris Buechler

- Category set to User Manager / Privileges
- Target version changed from 2.0 to Future
- Affected Version deleted (2.0)

You can easily add things now with ctrl/shift clicks, but it would be easier to see if the assigned and unassigned privileges were listed separately.
