Bootstrap - Bug #5400

diag_ping.php - Following link to pre-fill page results in an incorrect error

Description

If you follow a link, such as one from Diag > DNS Lookup, to diag_ping.php similar to this:

diag_ping.php?host=google.com&interface=wan&count=3

The page loads displaying an error that the host couldn't be resolved or didn't respond, which isn't true the ping just hasn't been done yet (since it shouldn't take action until run via POST)

Revision 5e1cfe9e - 11/10/2015 05:35 PM - jeroen van breedam

fix Bug #5400

Revision 7d67222e - 11/10/2015 05:38 PM - jeroen van breedam

fix Bug #5400

interface=wan could be offline/disabled in multi-wan systems.
also, currently no code in diag_ping.php to convert 'wan' => source-ip

Revision ed69a496 - 11/11/2015 09:17 AM - Jim Pingle

For Diag > Ping and Diag > Traceroute, only perform the action on POST, not by following a link/GET. Fixes #5400

History

#2 - 11/10/2015 05:40 PM - Steve Beaver

- Status changed from Confirmed to Feedback

- Assignee changed from Steve Beaver to Jim Pingle

Fixed by heper:patch-2 PR: 1932 now merged.

#3 - 11/11/2015 08:55 AM - Jim Pingle

- Status changed from Feedback to Confirmed

- Assignee changed from Jim Pingle to Steve Beaver

This shouldn't be taking the action on following the link, it should only be pre-filling the form. Automatically taking an action like that on GET isn't desirable.

#4 - 11/11/2015 09:08 AM - Jim Pingle

- Assignee changed from Steve Beaver to Jim Pingle

I'll take this, looks like there is a similar problem with traceroute, I've got a fix.

#5 - 11/11/2015 09:20 AM - Jim Pingle

- Status changed from Confirmed to Feedback

- % Done changed from 0 to 100

Applied in changeset pfsense:ed69a49666fa5f7e9fe1366d9f176ffba15536f1.

#6 - 11/12/2015 11:33 AM - Jim Pingle

- Status changed from Feedback to Resolved

Looks good here, it's behaving as expected now. No errors on load and it does not take action until the form is submitted.
