Target version:	2.3	Spent time:	0.00 hour
Description			
Drag and drop to reorder rules on the Floating tab of firewall_rules.php will blow away rules for all other interfaces. Only thing left is floating rules.			

History

#1 - 11/11/2015 01:33 PM - Jim Pingle

- Subject changed from *firewall_rules.php - Drag and drop of floating rules erases all rules on other interfaces* to *firewall_rules.php - Drag and drop of rules erases all rules on other interfaces*

- Description updated

Updating the title/descr to reflect that it happens on any interface.

#2 - 11/11/2015 01:48 PM - Steve Beaver

- Subject changed from *firewall_rules.php - Drag and drop of rules erases all rules on other interfaces* to *firewall_rules.php - Drag and drop of floating rules erases all rules on other interfaces*

- Description updated

- Status changed from *Confirmed* to *Feedback*

- Assignee changed from *Steve Beaver* to *Jim Pingle*

Fixed by changing rule filter method.

#3 - 11/11/2015 03:16 PM - Jim Pingle

- Status changed from *Feedback* to *Assigned*

- Assignee changed from *Jim Pingle* to *Steve Beaver*

It doesn't erase other rules now but it also appears to have no effect. Clicking Save reverts the rules to their order before dragging

#4 - 11/11/2015 03:27 PM - Steve Beaver

- Status changed from *Assigned* to *Feedback*

- Assignee changed from *Steve Beaver* to *Jim Pingle*

Removed debugging and tested.

#5 - 11/11/2015 03:28 PM - Jim Pingle

- Status changed from *Feedback* to *Resolved*

Seems to work now. Saves the intended order and doesn't remove other rules.
