Description			
Convert the pfSense package System Patches (sysutils/pfSense-pkg-System_Patches) to Bootstrap			

History

#1 - 12/13/2015 09:35 AM - jeroen van breedam

on my system, deleting patches does not work when clicking the trashcan at the end of the table.
upon clicking the trashcan, they disappear. when refreshing page, they re-appear.

==> the \$_POST['patch'] isn't set when using trashcan, it is set when using the 'Delete Patches' Button down below.
