

pfSense - Bug #5599

VIP as destination on firewall_nat_edit.php not filled in correctly on edit

12/04/2015 07:53 PM - Chris Buechler

Status:	Resolved	Start date:	12/04/2015
Priority:	Normal	Due date:

Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.3	Affected Architecture:	
Affected Version:	2.3		

Description

I fixed the fact VIPs weren't showing up in the list here:

<https://github.com/pfsense/pfsense/commit/688281254c7ca95b28141e901570dc85eb234dfa>

But now upon edit, rather than having the VIP selected, you end up with "Single host or alias" and the IP filled in. For example, see bootstrap-test1.pfmechanics.com, edit the one entry there on firewall_nat.php.
