

pfSense - Bug #6091

DNS Resolver: Domain Override: Impossible to specify port

04/07/2016 10:20 PM - Dennis Kort

Status:	Resolved	Start date:	04/07/2016
Priority:	Normal	Due date:	
Assignee:	Chris Buechler	% Done:	0%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.3.1	Affected Architecture:	
Affected Version:	2.3		

Description

It is impossible to specify a custom port for the resolver ip of a domain override in unbound. The new input pattern matcher does not allow entering a port, despite the hint text below the input recommending the use of @port.

See attached screenshots for details.

Associated revisions

Revision d051bdd1 - 04/26/2016 12:45 AM - Chris Buechler

Allow port specification for Unbound domain overrides. Also fix display of input errors. Ticket #6091

Revision 2ec9afb7 - 04/26/2016 12:45 AM - Chris Buechler

Allow port specification for Unbound domain overrides. Also fix display of input errors. Ticket #6091

History

#1 - 04/07/2016 10:35 PM - Chris Buechler

- Category set to Web Interface
- Status changed from New to Confirmed
- Target version set to 2.3.1
- Affected Version set to 2.3

same likely applies to DNS Forwarder in same spot.

#2 - 04/16/2016 08:47 PM - Jim Thompson
