<b>Target version:</b>	2.0		
<b>Description</b>			
The old IPsec ping hosts shell script was gutted as it grepped through the entire config.xml. This was a serious performance issue. It might however need some sort of smart replacement of sorts. Look into this for 1.2 and 2.0			

#### History

**#1 - 08/26/2009 02:47 PM - Seth Mos**

- Assignee set to Seth Mos

**#2 - 09/01/2009 05:01 PM - Seth Mos**

Fixed the creation of the /var/db/ipsecpinghosts. It was missing the source IP address because of a typo in a variable.

**#3 - 09/01/2009 05:02 PM - Seth Mos**

- Target version set to 2.0

- % Done changed from 0 to 100

- Affected Version changed from All to 2.0
