

pfSense - Bug #6125

Factory SG-2440 image - shows Community Edition underneath pfSense logo

04/12/2016 10:21 PM - Marco Novielli

Status:	Not a Bug	Start date:	04/12/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:		Affected Version:	
Plus Target Version:		Affected Architecture:	
Release Notes:			
Description			
Factory image is showing "Community Edition" underneath pfSense logo. I have confirmed that is factory image (pfSense-netgate-memstick-ADI-2.3-RELEASE-amd64.img) and I have the AWS VPC option.			
See screenshot.			

History

- Status changed from New to Feedback

guessing you haven't cleared your cache and had a system that was CE on that IP previously, that the case?

#2 - 04/12/2016 10:53 PM - Marco Novielli

You are correct - my bad. Cleared cache and logo is now correct. Can be closed.

#3 - 04/12/2016 11:12 PM - Chris Buechler

- Status changed from Feedback to Not a Bug

- Target version deleted (2.3.1)

- Affected Version deleted (2.3)

thanks
