

pfSense - Bug #6183

Assign Interfaces allows you to define multiples of the same VLAN

04/16/2016 07:33 PM - Zetto Null

Status:	Resolved	Start date:	04/16/2016
Priority:	Normal	Due date:	
Assignee:	Chris Buechler	% Done:	0%
Category:	Console Menu	Estimated time:	0.00 hour
Target version:	2.3.1	Affected Architecture:	
Affected Version:	All		

Description

New install of 2.3 on RCC-VE 2440. While assigning interfaces at the console you are able to add the same VLAN (e.g. 10) multiple times on the same interface (e.g. igb1). If you then set the LAN as igb1_vlan10 and login to the webConfigurator you are unable to modify or delete the duplicate VLAN. I've tried changing the VLAN ID, adding a description or changing the interface which all fail. Had to factory reset to remove.

Associated revisions

Revision 4ff83670 - 04/22/2016 03:04 AM - Chris Buechler

Prevent configuring the same parent and VLAN ID multiple times. Ticket #6183

Revision ff4665f0 - 04/22/2016 03:05 AM - Chris Buechler

Prevent configuring the same parent and VLAN ID multiple times. Ticket #6183

History

#1 - 04/16/2016 08:17 PM - Zetto Null

As a workaround in webConfigurator you can use the Diagnostics / Backup & Restore / Config History to remove the duplicate VLAN.

Just to be clear you are adding duplicate VLANs from option 2) (Assign Interfaces) of the TTY console right, not the web interface?

Yep, adding the duplicate VLANs from the TTY console.

Attempting to add duplicate VLANs from webConfigurator results in the following error.

The following input errors were detected:

* A VLAN with the tag 10 is already defined on this interface.

#5 - 04/17/2016 03:01 AM - Chris Buechler

- Category changed from Interfaces to Console Menu
- Status changed from Feedback to Confirmed
- Assignee deleted (Zetto Null)
- Affected Version changed from 2.3 to All
- Affected Architecture deleted (amd64)

the console menu's never had input validation there. Good to have though

#6 - 04/17/2016 03:09 AM - Jim Thompson

- Assignee set to Luiz Souza

#7 - 04/17/2016 03:10 AM - Jim Thompson

- Assignee changed from Luiz Souza to Renato Botelho

#8 - 04/22/2016 03:05 AM - Chris Buechler

- Status changed from Confirmed to Feedback
- Assignee changed from Renato Botelho to Chris Buechler

fix pushed

#9 - 04/23/2016 01:34 AM - Chris Buechler

- Status changed from Feedback to Resolved

works
