

pfSense - Feature #623

Status and Log icons which work like the Help icon

05/29/2010 08:29 PM - Jim Pingle

Target version:	2.0		
Description			
Come up with icons for Status and Log, and a means by which they can be added to the page in the area near the Help "(?)" icon. Then add links where appropriate for various pages in the GUI (OpenVPN, IPsec, Captive Portal, etc, etc)			

Associated revisions

Revision dcc9beef - 06/01/2010 02:55 PM - Jim Pingle

Add some simple Log and Status icons. Part of ticket #623

Revision c2e23f7b - 06/01/2010 03:24 PM - Jim Pingle

Add a way to show status/log icons by the help icon. Define \$statusurl and/or \$logurl in the same manner as \$pgtitle and if the variables are defined and not empty, the shortcut icons will appear. Ticket #623.

- Status changed from New to Feedback

I added status and log links in various parts of the system, and it seems to work pretty well. It could use better icons, but the simple ones there get the job done.

If anyone finds pages that need links, let me know.
