

## pfSense - Bug #6290

### services\_captiveportal.php: Waiting period InputBox not available.

04/29/2016 10:28 AM - Zuki Blue

<b>Status:</b>	Resolved	<b>Start date:</b>	04/29/2016
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Zuki Blue	<b>% Done:</b>	0%
<b>Category:</b>	Web Interface	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	2.3.1	<b>Affected Architecture:</b>	
<b>Affected Version:</b>	2.3		

#### Description

When adding "Pass-through credits per MAC address.", there is no inputbox to insert the "waiting period".

When saving we get the error:

The following input errors were detected:

The waiting period to restore pass-through credits must be above 0 hours.

For debug purpose I chnage the page submission @Browser level, adding the post variable \$\_POST['freelogins\_resettimetype'] = 10.  
After that the Save buttons works with no error message.

#### History

##### #1 - 04/29/2016 10:30 AM - Zuki Blue

Version 2.3.1-DEVELOPMENT (amd64)  
built on Thu Apr 28 03:20:14 CDT 2016  
FreeBSD 10.3-RELEASE

##### #2 - 04/29/2016 11:00 AM - Steve Beaver

- Category set to Web Interface
- Status changed from New to Feedback
- Assignee set to Zuki Blue
- Target version set to 2.3.1
- Affected Version set to 2.3

Missing input element restored. Thanks!

##### #3 - 05/02/2016 10:21 AM - Zuki Blue

It works @ 2.3.1-DEVELOPMENT (amd64) built on Mon May 02 06:31:49 CDT 2016

Just a minor bug, if you disable captive portal, the input that was missing stay on screen.

Thanks.

##### #4 - 05/02/2016 12:11 PM - Steve Beaver

- Subject changed from Captive Portal - waiting period InputBox not available. to services\_captiveportal.php: Waiting period InputBox not available.
- Status changed from Feedback to Resolved

Element now hidden on CP disabled
