

pfSense - Bug #6652

Filtering system logs doesn't include all log entries

07/28/2016 12:08 AM - NOYB NOYB

Status:	Resolved	Start date:	07/27/2016
Priority:	Low	Due date:	
Assignee:		% Done:	100%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.3.2-p1	Affected Architecture:	
Affected Version:	All		

Description

<https://forum.pfsense.org/index.php?topic=115753.0>

Log entries to be included in the filtering is capped/restricted to the most recent 5000 entries. So log entries that match the filter that are older than the most recent 5000 are not included.

Lasse proposed a couple solutions:

<https://forum.pfsense.org/index.php?topic=115753.msg642774#msg642774>

<https://forum.pfsense.org/index.php?topic=115753.msg642806#msg642806>

I refined it just a tad. Same method of fix. Implementation just altered slightly.

<https://forum.pfsense.org/index.php?topic=115753.msg643073#msg643073>

Needs review though to make sure increasing the potential size of the storage variable won't be a problem. Shouldn't really have an impact on systems with default log size, as the 5000 should have pretty much covered all that anyway.
