

pfSense - Feature #6661

Show # of packages available for update on dashboard

07/29/2016 07:13 PM - Ken Sim

Status:	Rejected	Start date:	07/29/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Dashboard	Estimated time:	0.00 hour
Target version:		Release Notes:	
Plus Target Version:			
Description			
The ability to show the number of packages that need updating under the system update status on the System Information widget on dashboard, or if no packages need updating show something like "All packages are up to date." or something along those lines.			

History

#1 - 07/29/2016 11:39 PM - Jim Pingle

- Status changed from New to Rejected

The "Installed Packages" widget exists for those who want to know what packages are installed and which have available upgrades. Adding it to the system info widget would be a bit redundant.
