

pfSense - Feature #7046

Bring back a method of viewing the gateway status from the shell and status output

12/28/2016 12:50 PM - Jim Pingle

| | | | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|------------------------|------------|
| Status: | Resolved | Start date: | 12/28/2016 |
| Priority: | Normal | Due date: | |
| Assignee: | Jim Pingle | % Done: | 100% |
| Category: | Gateway Monitoring | Estimated time: | 0.00 hour |
| Target version: | 2.3.3 | | |
| Description | | | |
| Since the switch to dpinger, there is no easy way to view the gateway status from the shell. Having the gateway status output easily accessible from the shell prompt and from status.php is helpful for diagnostic purposes. | | | |

Associated revisions

Revision a4867a30 - 12/28/2016 12:51 PM - Jim Pingle

Add a function to format and return plain text output showing the gateway status, for use by a shell script and status.php. Ticket #7046

Revision f88743cb - 12/28/2016 12:52 PM - Jim Pingle

Add a pfSense php shell playback script to show the gateway status. Ticket #7046

Revision 5ab3fb16 - 02/10/2017 11:42 AM - Jim Pingle
