

pfSense - Bug #7203

pkg_mgr_installed.php - visually separate the legend

02/03/2017 01:54 PM - Kill Bill

Status:	Resolved	Start date:	02/03/2017
Priority:	Very Low	Due date:	
Assignee:	Steve Beaver	% Done:	100%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.3.4		
Affected Version:	2.3.x	Affected Architecture:	All

Description

Some users think that it's related to the last package in the list, instead of being a legend.

<https://forum.pfsense.org/index.php?topic=102470.msg690555#msg690555>

I tried to produce something like the firewall rules legend, but adding "alert alert-info clearfix" to the <div> leaves whitespace on top and bottom; frankly, the code of the page sucks.
