## History

### #1 - 04/14/2017 07:30 PM - Jim Thompson

- Assignee set to Renato Botelho

Reassign to pkg author if this is specific to the cellular pkg

### #2 - 02/18/2019 05:19 PM - Jared Dillard

- Category set to Cellular

### #3 - 09/17/2019 10:04 AM - Renato Botelho

- Status changed from New to Rejected

Probably it was fixed by other changes but today package can be installed/deinstalled and upgraded without any issues.

If you still see errors on current pfSense versions please let me know
