

pfSense - Feature #7510

interfaces.php: WAN DHCP Client "reject leases from" option should accept a list of addresses

05/03/2017 10:10 AM - Jim Pingle

Status:	Resolved	Start date:	05/03/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Interfaces	Estimated time:	0.00 hour
Target version:	2.3.4		
Description			
<p>dhclient apparently, despite the man page text, accepts a list for rejecting leases rather than only supporting a single IP address. We should relax the GUI to allow such a list</p> <p>See https://forum.pfsense.org/index.php?topic=124046.msg705087#msg705087</p> <p>PR at: https://github.com/pfsense/pfsense/pull/3683</p> <p>This is for tracking purposes, the fix has already been merged and is working.</p>
