

pfSense - Bug #7584

privileges abuse with page-diagnostics-dns

05/20/2017 04:10 PM - Jeremy C. Reed

Status:	Resolved	Start date:	05/20/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.4.0	Affected Architecture:	All
Affected Version:	All		

Description

my user has
page-diagnostics-dns privilege which provides DNS lookups
but also allowed the user to create an alias
"Created from Diagnostics-> DNS Lookup".

But now the user cannot see this alias nor has any way to remove it
(because needs page-firewall-aliases privilege).

I'd suggest that capability to do DNS lookups diagnostics shouldn't
also allow addition of aliases.

History
