History

#1 - 07/21/2017 09:49 AM - Jim Pingle

- Category set to NTPD

- Status changed from New to Confirmed

- Target version set to 2.4.1

Note: The time itself is correctly fetched from the firewall, but is being adjusted to the wrong time *zone* when displayed. It is *not* taking the minutes/seconds/etc from the client like [#7245](#).

#2 - 10/12/2017 09:46 AM - Jim Pingle

- Target version changed from 2.4.1 to 2.4.2

Moving target to 2.4.2 as we need 2.4.1 sooner than anticipated.
