<b>Target version:</b>	2.4.3		

#### Description

Allow the widget to show the DynamicDNS provider configuration description.

If you are using a custom provider, the widget only shows "custom" and there is no way to distinguish between multiple configurations.

Since the description text can be freely edited, this is an easy way to display the different configurations.

See here for detail: <https://forum.pfsense.org/index.php?topic=136231.new.topicseen#new>

#### Associated revisions

##### Revision 4c53dfbe - 09/18/2017 09:12 PM - Christopher Fazendin

Changes Dynamic DNS Status Widget to display client description text for Custom and Custom (v6) entries. Implements #7843
