

pfSense - Bug #7996

2.4.0 Web Interface Issue

10/24/2017 11:50 AM - Andy Kniveton

Status: New	Start date: 10/24/2017
Priority: Very Low	Due date:
Assignee:	% Done: 0%
Category: Web Interface	Estimated time: 0.00 hour
Target version:	Affected Architecture:
Affected Version:	

Description

Should the `<a>` & `` be in the html?

It gives the impression that something will happen if you click on **Login to pfSense** or the **hostname**.

History

#1 - 10/24/2017 11:54 AM - Andy Kniveton

I'm talking about the main login page.
