

pfSense - Bug #8069

Services sorting is incorrect in several cases with multi-instance services

11/08/2017 09:59 AM - Jim Pingle

Status:	Resolved	Start date:	11/08/2017
Priority:	Normal	Due date:	
Assignee:	Jim Pingle	% Done:	100%
Category:	Web Interface	Estimated time:	0.00 hour
Target version:	2.4.2		
Plus Target Version:		Affected Version:	All
Release Notes:	Default	Affected Architecture:	All

Description

On services_status.php, services with multiple instances (e.g. openvpn) appear unsorted in the list.

On the services status widget, the service display name is not sorting properly, with VPN instances appearing in an unsorted order among themselves.

To me, I have a patch
