

pfSense - Bug #8297

User with no privileges cannot logout.

01/26/2018 01:08 PM - Anonymous

Status:	Resolved	Start date:	01/26/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	User manager	Estimated time:	0.00 hour
Target version:	2.4.3	Affected Architecture:	All
Affected Version:	2.4.x		

Description

If there is a created user and they have no permissions they will see a page that says: "No page assigned to this user! Click here to logout."

That link does not log them out and they have to close the browser in order to get back to the login screen.

See screenshot attached for example of this error.
