

pfSense Packages - Bug #8400

FreeRadius 3 EAP-TLS Missing O.U. Option

03/30/2018 11:00 AM - Kristopher Kolpin

Status:	New	Start date:	03/30/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	FreeRADIUS	Estimated time:	0.00 hour
Target version:		Affected Architecture:	amd64
Affected Version:			

Description

Under Services-->FreeRADIUS-->EAP-->EAP-TLS

The Organizational Unit (O.U.) is missing from the option for:

"Check Cert Issuer (checkbox) Validate the certificate against the CA"

An error appears in the log files stating that the CA entered on this form does not match what is present in pfSense Certificate Manager.

Therefore, validation fails when an endpoint tries to connect.
