<b>Target version:</b>	2.4.4		
<b>Description</b>			
Add the IPsec identifiers used in the IPsec configuration, on the Status > IPsec page.			

#### Associated revisions

##### Revision 3c5f4441 - 07/10/2018 10:18 AM - Stephen Jones

Fixed #8598 Added IPsec ID to the table, Moved the disconnect button over to better fit the page, Also fixed the disconnect button and show child button for mobile clients

#### History

##### #1 - 07/03/2018 03:08 PM - Jim Thompson

- Category set to Web Interface
- Assignee set to Steve Beaver
- Target version set to 2.4.4

##### #2 - 07/05/2018 09:34 AM - Steve Beaver

- Assignee changed from Steve Beaver to Anonymous

##### #3 - 07/10/2018 10:22 AM - Anonymous

Implemented this. Also found issues with the buttons not lining up correctly for mobile clients. I included the fix for both in the same commit. I was only able to test mobile clients on my setup. Some other tests that would be good to try to make sure it didn't break anything are IKEv1, IKEv2 with split connections.

##### #4 - 07/10/2018 10:30 AM - Anonymous

- Status changed from New to Feedback
- % Done changed from 0 to 100

Applied in changeset [3c5f4441cb62524448a868f3908de9504f9fb305](#).

##### #5 - 07/16/2018 10:50 AM - Jim Pingle

- Status changed from Feedback to Resolved

IPsec IDs show up and look correct in the tunnels I have configured.

##### #6 - 07/20/2018 04:30 PM - James Dekker

On 2.4.4.a.20180720.1408, IPsec IDs like con1000: #1 (phase one) and conn1000: #2 (phase two) show correctly on the Status > IPsec page. Looks good here.
