Target version:	2.5.0		
Description			
<p>hi</p> <p>the version 4 of squid proxy for "production use" are available and it's seems that provide better support for SSL/TLS sits .</p> <p>along with speed since it's build top of C++11 and other improvements .</p> <p>will be great to add squid 4 to pfsense .</p> <p>thanks .</p>
