

pfSense Packages - Bug #9174

Suricata rulesets in 2.4.4_1

12/06/2018 08:45 AM - Stefan Fluir

Status:	New	Start date:	12/06/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Suricata	Estimated time:	0.00 hour
Target version:		Affected Architecture:	
Affected Version:			

Description

I cannot see rulesets when i create a new interface in Suricata with the Duplicate button from another interface. If i click "Select All" followed by "Save" it does load the rules, so they are there, but you cannot make a selection at this point.

History

#1 - 12/06/2018 08:47 AM - Jim Pingle
