

pfSense - Feature #9256

adjust frequency of geom rebuild notifications.

01/05/2019 09:20 PM - James Lavoy

Status:	Feedback	Start date:	01/05/2019
Priority:	Very Low	Due date:	
Assignee:	Renato Botelho	% Done:	100%
Category:	Notifications	Estimated time:	0.00 hour
Target version:	2.5.0		
Description			
<p>When a geom rebuild is occurring, the gmirror_status_check script by default notices that the device status has changed every time the rebuild hits a new percentage. This results in a user getting 100 separate notifications (emails) every time a new percentage ticks.</p> <p>I have submitted a PR that changes this behavior, so a user only gets notified at 0%, 25%, 50%, 75% and 100%. This should not effect any other notification behavior.</p>			

History

#1 - 08/14/2019 12:59 PM - Jim Pingle

- Category set to Notifications
- Target version set to 2.5.0

PR Link: <https://github.com/pfsense/pfsense/pull/4030>

#2 - 08/27/2019 03:09 PM - Jim Pingle

- Status changed from New to Pull Request Review

#3 - 10/11/2019 08:35 AM - Renato Botelho

- Status changed from Pull Request Review to Feedback
- Assignee set to Renato Botelho
- % Done changed from 0 to 100

PR has been merged. Thanks!
