

pfSense - Feature #9439

Poll Interval For GPS and PPS

03/28/2019 05:37 PM - Pierre Poutine

Status:	New	Start date:	03/28/2019
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	NTPD	Estimated time:	0.00 hour
Target version:	2.5.0		
Description			
The default minpoll and maxpoll for GPS and PPS in /etc/inc/system.inc is set to 4. These should both be set to 3. This will reduce the interval from 16s to 8s.
