<b>Plus Target Version:</b>			

#### Description

Rather than duplicate the effort in many packages, add support to cert\_build\_list() to generate an array compatible with select\_source used by packages.

This will have keys named 'refid' and 'descr' containing the corresponding values from CA/Certificate entries.

To me, I have it ready to commit.

#### Associated revisions

##### Revision 59fac81f - 11/25/2019 10:42 AM - Jim Pingle

Add select\_source compatible output to cert\_build\_list(). Implements #9923

##### Revision 3c1249b3 - 11/26/2019 08:14 AM - Jim Pingle

Add 'none' option to cert\_build\_list. Issue #9923

#### History
